REPORT

ON

PUBLIC INSTRUCTION IN COORG,

for the year 1891—92,

BY

E. MARSDEN, Esq., B. A.,

Inspector of Schools

WITH REVIEW BY

COLONEL P. D. HENDERSON, C. S. I.,

Chief Commissioner of Coorg

PRICE 12 ANNAS

Proceedings of the Chief Commissioner of Coorg, (Educational),—No. 1692—115-92. dated Bangalore, the 22nd October 1892.

READ—

Letter No. 277—166 of the 15th July 1892, from the Commissioner of Coorg, transmitting the Annual Report on Public Instruction in Coorg for the year 1891—92

ORDER THEREON—No. 1692—115-92, DATED BANGALORE, THE 22ND OCTOBER 1892.

BENGAL SECRETARIAT LIBRARY.

The report exhibits an increase in

(i) Attendance at the public schools;
(ii) Income from fees;
(iii) Attendance of females; and
(iv) Provision of school accommodation.

2. The Chief Commissioner regrets to notice the unsatisfactory state of the Central School at Merkara. The latter compares most unfavourably with the St. Mark's School and the Virajendrapet Middle School and this is probably due in a large measure to the repeated changes in the Head-Mastership, but still the results should have been better. The Chief Commissioner hopes that the results of the next examination will set at rest the apprehensions that seem to have been entertained regarding this institution.

CHAS: W. RAVENSHAW, MAJOR,
Secretary to the Chief Commissioner of Coorg.

To—The Commissioner of Coorg.
" Inspector of Schools.
" Government of India and other officers as usual under separate covering letters.

No. 277—177, dated 15th July 1892.

From—G. F. Meiklejohn Esq., Commissioner of Coorg.

To—The Secretary to the Chief Commissioner of Coorg, Bangalore

I have the honor to transmit the annual report on Public Instruction in Coorg for the year 1891—92 furnished by the Inspector of schools.

2. The total number of pupils under instruction in the public schools during the year was 4,567 against 4,338 in 1890—91, an increase of 229.

3. The receipts from fees also show a satisfactory increase, being Rs. 8,456 against Rs. 7,463.

4. It is to be regretted that the Central School, Merkara, correctly described by the Inspector of schools as the " largest and most important in the province" should apparently have lost ground during the year. The attendance has remained stationary instead of regaining the strength it reached 2 years ago, and the examination results of all classes are stated by the Inspector to be poor, while of the 33 students who went up for the Matriculation examination, only 4 succeeded in passing.

5. Several Coorg gentlemen have expressed to me their disappointment with the progress made by their boys in this school, and I spoke about it to the Inspector who admitted that the condition of the school was not satisfactory and attributed it to the repeated changes in the head mastership.

6. The Virajendrapet school on the other hand is doing very well and it has more than made up the falling off in numbers alluded to in last report owing to the formation of the survey school. The results of the examinations are also reported to have been good and I agree with Mr. Marsden in thinking that the Head Master, Mr. Saldona, deserves great credit.

7. Following the excellent example of certain wealthy Coorg gentlemen last year, Mr. Mathandra Kariappa, Mr. Thekkade Muthanna and Jainara Jinnamma have during the year under report either, already built or commenced to build excellent new school houses.

BENGAL SECRETARIAT LIBRARY

Dated Bangalore, the 6th July 1892.

From—E. Marsden Esq., Inspector of Schools, Coorg.

To—The Secretary to the Chief Commissioner of Coorg, (through the Commissioner of Coorg.)

I have the honor to submit the annual report on education in Coorg for the year 1891—92.

I. (*a*) General Summary.

2. The most important event of the year was the institution of two public examinations, the Lower Secondary and Primary, for the purpose of testing the fitness of candidates for the public service and of regulating the promotion of pupils in Departmental and Board Schools. For the Lower Secondary examination 75 candidates, and for the Primary examination 243 candidates were registered. The results of these examinations will be noted in the report for next year. The Primary examination which is the final test for Upper Primary schools will undoubtedly give a strong stimulus to primary education as it has very markedly done in the Madras Presidency.

3. The number of public schools has risen from 75 to 77, while the number of private unaided schools has fallen from 35 to 27. The decrease in the latter is no doubt due to the prevalence of small-pox which raged in Coorg the last few months of the year. A good many schools were closed for weeks together on this account.

4. The attendance in public schools has risen from 4,338 to 4,567 *i. e.* by 229 pupils, while the attendance in private schools has fallen from 457 to 437.

5. The total number of pupils under instruction was thus 5,004 or about 1 in 34 of the population of Coorg which by the recent census was 1,73,055. It must be remembered however that this population includes a large number of coolies on the coffee estates who are in Coorg only for a part of the year and leave their families in the plains.

6. The receipts from fees have risen from Rs. 7,463 to Rs. 8,456 *i e.*, by Rs. 993 or 13·3 per cent.

7. In the Merkara high school the attendance remained at the same figure, 282, at which it stood the year previous, while the receipts from fees rose slightly from Rs. 2,787 to Rs. 2,854. Four students passed the Matriculation examination.

8. At the Virajapet Middle school, both attendance and fees have increased considerably, the former from 160 to 196 and the latter from Rs. 1,244 to Rs. 1,419.

9. In the Rural Primary schools the attendance has risen from 2,963 to 3129; and the fee income from Rs. 1,383 to Rs. 1,635. If it had not been for the ravages of small-pox there would probably have been a larger increase. There were 57 of these schools in operation at the close of the year. The average attendance in each rose from 52 to 54, while the average gross cost of educating each pupil fell from Rs. 2—15—6 to Rs. 2—14—9.

10. *School Houses.*—The government school houses at Hudikeri and Fraserpet were enlarged and to a great extent rebuilt by the Department of Public Works. A new school was erected at the cost of government funds at Sanivarsante. At Billumad a new school was built by Mr. Matandra Kariappa. At Hoddur an excellent tiled house has been built by Mr. Tekkeda Muttanna. A jain lady of Virajapet has given a donation of Rs. 1,300 towards the erection of a house for the local municipal canarese school.

11. *Supply of Books.*—Arrangements were made for an independent book depôt for Coorg, books having been previously obtained from the Mysore depôt. This new plan has worked very satisfactorily. Every school is now kept well supplied with books.

I. *(b)* Statistical Summary.

12. The following statement compares the number of public schools and pupils in them during the past year with those of the previous year :—

Class of schools	1890—91.		1891—92.		Difference.
	Schools.	Pupils.	Schools.	Pupils.	
I. Secondary education.					
1. Government Secondary schools, English	1	282	1	282	..
2. Municipal do do	1	160	1	196	+ 36
3. Aided do do	1	25	1	22	— 3
II. Primary education.					
1. Government Primary schools, English	3	104	3	138	+ 34
2 Do Superior Vernacular	2	180	2	161	—19
3. Do Rural do	56	2,963	57	3,129	+166
4. Municipal Primary do	5	392	6	424	+ 32
5. Aided do do	5	220	5	205	—15
III. Special education.					
1. Government Normal school, Vernacular	1	12	1	10	— 2
Total... ..	75	4,338	77	4,567	+229

It will be seen that there was an increase in nearly every class of schools.

13. Distinguished according to *stages of instruction*,

45 pupils were in the Upper Secondary department.
195 do Lower do
496 do Upper Primary do
3,831 do Lower Primary do

14. Classified according to *sex*, there were 3,842 boys and 725 girls.

15. Classified according to *race or creed*, there were :—

2,721 Coorgs.	174 Muhammadans.
157 Brahmins.	134 Native Christians.
1,294 Other caste—Hindus.	21 Europeans and Eurasians.
27 Parayas.	39 Others.

Educationally Coorgs are about the most advanced Hindu race in India. The whole clan numbers about 28,000. Nearly every Coorg boy and quite 25 per cent of Coorg girls are at school.

16. Classified according to the *position or occupation of their parents*, there were :—

Children of officials	381	Children of artizans	83
Do farmers or land holders	3,397	Do coolies	293
Do traders	298	Do others	115

17. Classified according to *income of parents*, there were :—

The richer classes (income over Rs. 5,000 per annum) 497
Middle (income from Rs. 200 to Rs. 5,000 per annum) 1,309
Poorer (income less than Rs. 200 per annum) .. 2,761

18. *Vaccination.*—There has been some improvement under this head. The number of visits paid by vaccinators was according to the returns furnished by school masters, 222 to 176 and the number of pupils vaccinated 1,186 to 854, the year previous. Of the total number of pupils, 417 out of 4,567 were unprotected *i. e.*, 9·1 per cent to 9·5 per cent the year previous. All the pupils in the Gurwale and Surlabi schools are unprotected.

I. (c) Financial Summary.

19. The expenditure on education from all sources amounted to Rs. 39,103 against Rs. 41,161, the year previous. In the statement given below it is distributed as follows between the four heads of receipts:— (1) Imperial funds (2) Municipal funds. (3) Fees. (4) Endowments and other sources:—

Head of charge.	Imperial funds.			Municipal funds	Fees	Endowments and other sources.			Total.	Percentage to total expenditure
	Proper.	Plough tax.	Total			Departmental schools	Aided schools	Total.		
Direction ...	...	...	..	...	...	..	...	...	...	...
Inspection ...	4,238	...	4,238	...	...	...	...	...	4,238	10·8
Instruction ...	10,537	6,564	17,101	2,241	8,456	...	1,137	1,137	28,935	74
Miscellaneous (including scholarships) ...	4,286	...	4,286	...	..	1,644	...	1,644	5,930	15·2
Total.....	19,061	6,564	25,625	2,241	8,456	1,644	1,137	2,781	39,103	100
Percentage.....	48·8	16·8	65·6	5·7	21·6	4·2	2·9	7·1	100	...

Imperial funds contributed 48·8 per cent of the total expenditure to 55 per cent the year previous. The plough-tax (formerly considered a local cess) paid 16·8 per cent. The expenditure from municipal funds decreased from 6 to 5·7 per cent, while the expenditure from fees rose from 18 to 21·6.

20. The direct expenditure on instruction amounted to Rs. 28,935, as follows:—

Secondary education	...	... Rs.	13,535	or 46·8	per cent.
Primary do	...	... „	14,128	or 48·8	per cent
Sepecial (Normal) school	...	... „	1,272	or 4·4	per cent.

II. Controlling Agencies.

21. I was Inspector of Western Circle (to which Coorg is attached) for 9 months of the year, having been absent on privilege leave out of India for 3 months. My locum tenens Mr. P. Messinier was in charge of my office, but did not visit Coorg. The following statement gives the usual figures regarding the inspection work done by myself and the Deputy Inspector. I was in Coorg from the 11th to the 17th of April and from the 2nd of May to the 8th of June *i. e.*, for 45 days to 51 days the year previous. I was away from the district for 12 days in order to attend a conference of Inspectors at Madras. This explains the slight decrease in work.

Name.	Race or caste	Official designation.	Linguistic qualifications.	Service in years.	No. of miles travelled.			No. of Inspection visits.			No. of days at Merkara (Head-quarters).		
					1890—91.	1891—92.	Difference.	1890—91.	1891—92.	Difference.	1890—91.	1891—92.	Difference
E. Marsden Esq., B A (Fellow of the Madras University.)	European.	Inspector of Schools	High Proficiency, Persian and Hindustani, Higher standard Canarese.	26	364	308	—56	58	46	—12	33	15	—18
Mr. Raghunatha Rao, F. A.	Brahmin.	Deputy Inspector.	F. A., Canarese, trained in the Madras Normal school.	14	1683	1710	+27	229	211	—18	173	158	—15

The Deputy Inspector, Mr. Raghunatha Rao, was in charge of the Range during the year. He was away from head-quarters for 207 days or about 7 months in the year; travelled 1,710 miles and paid 211 inspection visits. His work was very satisfactory.

III. University Education.

22. The only institutions that worked up to the Matriculation Standard of the University of Madras were the Merkara high school and St. Mark's school. During the year under report 4 students from the former institution matriculated and 3 from the latter.

23. Details regarding the 17 students from Coorg holding Imperial and Endowment scholarships at various Colleges in Mysore and Madras on the 31st March 1892 together with the 5 new scholars selected for 1891—92 will be found in Appendix A at the end of this report.

IV. School Education, General.

A. Secondary Schools.

24. *Central School, Merkara.*—This institution, the largest and most important in Coorg was in charge of Mr. F. J. Moss, B. A., till November, when he resigned for a place under the Court of Wards. The first Assistant, Mr. T. C. Rice, B. A., then officiated as head master till February when the permanent incumbent Mr. C. W. Moss, B. A., returned from Burmah, where he had been officiating as Inspector of schools.

The attendance remained stationary at the same figure, 282, at whith it stood the year previous. The fees rose from Rs. 2,787 to Rs. 2,854. The examination results of all classes were poor. Four students only succeeded in passing the Matriculation out of 33 presented.

Cricket and lawn-tennis were regularly played throughout the year and gymkhana sports held on the last Saturday of every month.

There were 90 students in the 2 boarding houses, attached to this school against 82 the year previous—all of them, Coorgs. A detailed account of these institutions will be found in the annual educational report for 1883—84.

A complete statement of receipts and expenditure for the year, in connection with the endowment fund derived from the school plantation, will be found in Appendix B. The expenditure on educational objects was Rs. 1,644. The balance to credit was Rs. 6,000 in government paper and Rs. 1,357—9—10 in the Treasury and 45—2—6 in the Postal Savings Bank.

25. *Virajapet Municipal Middle School.*—The attendance at this school rose from 160 to 196 and the fees from 1,244 to Rs. 1,410. The fees covered 92 per cent of the total expenditure which amounted to Rs. 1,540. The results of all examinations were good. The head master was Mr. Saldana, B. A., to whom much credit is due for the great improvement effected during his tenor of office. The school house is much too small for the present attendance and ought to be enlarged considerably. Two additional junior masters should be appointed. A small house for the head master should be built in the compound. A house should be built for the Canarese Department which is a distinct school with about 150 pupils. Complete gymnastic apparatus should be provided. A boarding house for Coorg students on the model of that at Merkara is also much wanted. These various wants have been brought to the notice of the President of the Municipal Commission.

26. *St. Mark's School at Merkara.*—This is an aided secondary school attended mainly by European and Eurasian children, a small percentage of natives being admitted. There were 22 children including 18 boys and 4 girls at the close of the year to 25 the year before. Six students were presented for the Matriculation examination of whom 3 passed. The head master is Mr. S. Kelly, B. A. The receipts from fees and subscriptions amounted to Rs. 1,974 and the government grant to Rs. 1,200.

IV. School Education, General.

B. Primary Schools.

27. The number of Public Primary schools of all classes was 73 at the close of the year to 71 the year previous. The attendance rose from 3,859 to 4,057 *i. e.*,

by about 5 per cent. These schools include 3 English, 67 Canarese, 2 Hindustani and 1 Tamil. There are 33 Upper Primary and 40 Lower Primary as follows :—

DEPARTMENTAL (IMPERIAL FUNDS.)

(a) 3 Upper Primary English schools.
(b) 2 Upper Primary Vernacular schools (superior.)
(c) 22 Upper } Primary Vernacular schools (rural.)
35 Lower }

Municipal Aided
(d) 6 Upper Primary Vernacular schools.
(e) 4 Lower Primary Vernacular (aided from Imperial funds.)
(f) 1 Lower Primary Vernacular (aided from Municipal funds.)

(a) Departmental English Schools.

28. The 3 schools under this head, all of the Upper Primary Standard are as follow :—

Hudikeri—attendance	33	...	...	Fees Rs	70	0	0
Napoklu do	66	...	...	do	125	8	0
Nelagi do	39	...	..	do	38	8	0

All these schools are in a very fair condition, the last, at Nelagi, has improved considerably during the year.

(b) Departmental Vernacular Schools—Superior.

29. The two schools under this head, both of the Upper Primary Standard are as follow :—

Fraserpet—attendance	78	...	...	Fees	87	0	0
Somvarpet do	83	...	...	do	100	0	0

Both these schools are doing very well.

(c) Rural or Nad Vernacular Schools.

30. The subjoined statement shows how these schools are distributed over the taluks of Coorg :—

Taluk	Number of schools.	Number of pupils on the roll on the 31st March 1892			Average number of pupils in one school.
		Boys.	Girls	Total	
1 Padinalknad	11	732	200	932	84 7
2 Kiggatnad	14	589	138	727	51·9
3 Yedanalknad	11	490	166	656	59 6
4 Merkara	6	233	46	279	46 5
5 Nanjarajapatna	8	271	23	294	36 7
6 Yelusavirshime	7	228	13	241	34·4
Total... ...	57	2,543	586	3,129	54·89

At the beginning of the year there were 56 of these schools in operation. Of these, 1 school, at Haleri was closed for want of attendance and 2 new schools were opened at Siddapur and Surlabi. Fourteen of these schools had branch schools attached to them. The attendance has risen from 2,963 to 3,129 and the fees from Rs. 1,383 to Rs. 1,635.

The head masterships are 57 in number, 21 being of the first grade on Rs. 12; 28 of the second grade on Rs. 10; and 8 of the third grade on Rs. 7. There are in addition 15 assistant masterships on Rs. 5; and 30 pupil teacherships on Rs. 3 each.

As to the qualifications of the head masters, 15 have passed the Middle school examination and have been trained, 9 the special Upper Primary examination, 20 passed through the old Normal School and 13 are untrained and unpassed men.

(d) Municipal Vernacular Schools.

31. There are 6 schools under this head, all of which are of the Upper Primary Standard.

1.	Canarese school, Virajapet	attendance	170	...	Fees Rs.	161	0	0
2.	Do Merkara	do	107	...	do	113	7	6
3.	Hindustani school do	do	50	...	do	75	4	6
4.	Do Virajapet	do	36	...	do	26	12	0
5.	Tamil school Merkara	do	36	...	do	16	12	0
6.	Canarese girls' school, Somvarpet	do	25	...	do		Nil	

All these schools are fairly well provided with houses except the first at Virajapet. Here the building is most unsuitable. The Somvarpet municipal council contributes fairly well to education; but the Kodlipet and Fraserpet councils give only Rs. 40 and Rs. 50 respectively per annum to education and this with much reluctance. They have been asked in vain to raise the grant to Rs. 60.

(e) and (f) Aided Vernacular Schools.

32. There are 5 schools under this head, all of the Lower Primary Standard as shown in the following statement:—

Schools.	No. of pupils on the 31st of March.	Receipts from—												Remarks.
		Fees.			Government grant.			Other sources.			Total receipts and expenditure.			
Catholic school, Virajapet ...	68	62	0	0	120	0	0	130	0	0	312	0	0	Good.
Do Kedamallur ...	52	52	0	0	120	0	0	8	0	0	180	0	0	Good.
Basel Mission school, Anantapur ...	28	30	0	0	120	0	0	192	0	0	342	0	0	Poor.
Do do girls', Merkara...	12	7	0	0	90	0	0	21	0	0	118	0	0	Very bad.
Do do boys' do ...	45	42	0	0	120	0	0	353	0	0	515	0	0	Poor.

The Basel Mission Merkara Girls' School has lately been closed. The school of the same mission at Merkara is unduly expensive for a Lower Primary School, and the examination results were poor. The two Catholic Schools are doing well.

V. School Education, Special.

33. The only institution under this head is the Merkara Normal School, a detailed account of which will be found in the annual educational report for 1885—86, paragraphs 108—114. There were 12 students undergoing training at the beginning of the year, six were sent out as masters and 4 admissions made in their place. Thus at the end of the year there were 10 students in the school.

VI. Female Education.

34. The number of girls in schools of all classes has risen from 736 to 792 excluding the Basel Mission School at Merkara which has lately been closed; there is one public school at Somavarpet and one private school at Virajapet, exclusively for girls. The Virajapet municipal council has it in contemplation to take over the latter.

VII. Education of Special classes.

(a) Europeans and Eurasians.

34. The only school for this class is St. Mark's School at Mekara, for remarks on which see paragraph 26 above.

(b) Muhammadans.

36. There are two special schools for Muhammadans in which Hindustani is taught, one maintained by the Merkara, the other by the Virajapet municipal council. Particulars regarding them will be found in paragraph 31 above. Besides the 86 pupils in these schools there are a few Muhammadans in other schools learning English and Canarese. The total number under instruction is 189, of whom 174 are in public and 15 in private schools.

(c) Other Special Classes.

37. The only institution under this head is the school for Parayas at Hebbale which contained 18 pupils. An additional school for Parayas has lately been sanctioned at Chickabhandara in Yelusavirashime.

VIII. Private or Unaided Schools.

38. A detailed description of schools of this type will be found in paragraph 65 of the annual report for 1882—83. The annual returns furnished by the Subedars of taluks show that the number of these schools has fallen from 35 to 27, and the attendance from 457 to 437. They include 109 Coorgs, 302 other Hindus, 15 Muhammadans and 11 Native Christians.

IX. Preparation and Distribution of Text Books and other Educational Literature.

39. During the year arrangements were made for a book depôt for Coorg, books having been previously obtained from the depôts of the Mysore Government. The central depôt is at Merkara in charge of the writer of the Deputy Inspector. There are in addition, branch depôts at Somavarpet, Fraserpet, Virajpet, Napoklu and Hudikeri. The Deputy Inspector is responsible for all the depots which he regularly inspects. During the year, books to the value of Rs. 998—6—0 were bought. The sales amounted to Rs. 440—10—2.

APPENDIX A.

Statement of scholarship holders as they stood on the 31st March 1892 and new scholars for 1892—93

* The percentages required for 2 (a), 2 (b), 2 (c) are to be calculated from the figures given in columns 7 a, 7 b, 7 c, respectively, of General Table IV.

† The annual cost is calculated on the direct expenditure only. The average cost of educating each pupil is obtained by dividing the direct expenditure by the average number on the rolls monthly during the year.

‡ The average cost of each pupil in Local Fund and municipal schools is to be obtained from the figures given in General Table VII.

§ Fractions of a rupee should be omitted, except in the columns showing the average annual cost of educating each pupil.
